Glen Oaks
COMMUNITY COLLEGE

RN to BSN
ONLINE BACHELOR OF SCIENCE DEGREE

Transfer Guide for Glen Oaks Community College

Our fully online RN to BSN program allows licensed registered nurses with an associate degree to complete their BSN fully online in as little as four semesters. Our program includes 16 credits of nursing courses which will expand your nursing knowledge base to include enhanced skills for understanding and implementing evidence based practice, nursing policy, leadership, management, population and global health. This program will promote career advancement by expanding both the nursing and leadership skill sets. Students are required to earn a minimum of 30 credits at NMU to earn a bachelor's degree. A natural fit for most is to work toward the 16 credit leadership certificate in addition to the 16 credits of nursing courses. All NU and LDR courses are offered at a discounted tuition rate.

ADMISSIONS REQUIREMENTS

Students must hold an active RN license free of restrictions and an associate degree from an accredited institution with a 2.5 overall GPA. NMU will accept up to ninety (90) credit hours of transfer credit.

RN to BSN DEGREE REQUIREMENTS
