---

## Technology and Occupational Sciences at NMU

The Technology and Occupational Sciences Department offers a variety of one-, two- and four-year programs. The one- and two-year programs provide students with the knowledge and training necessary to assume skilled or technician-level positions in a variety of service or technical areas. These technical areas include automotive, aviation, collision repair, construction, cosmetology, electrical line technician, heating-air conditioning, hospitality, and industrial maintenance. In addition to offering technical programs traditionally identified with a community college, the department offers baccalaureate degree programs in construction and hospitality management.

The department's programs are designed to ladder into more advanced programs. Students in two-year certificate and associate degree programs can apply course work completed as part of the one- and two-year programs toward a bachelor's degree in the School of Technology and Applied Sciences.

The aviation maintenance technology associate degree and certificate programs are accredited by the Department of Transportation Federal Aviation Administration Certification.

## Department Facilities and Equipment

- Airplanes (8)
- Auto Service Laboratory
- Collision Repair Laboratory
- Heating, Ventilation, Air Conditioning and Refrigeration Laboratory
- Helicopters (2)
- Industrial Maintenance Laboratory
- Professional Cosmetology Laboratory
- Professional Kitchen Laboratories

Hospitality management students operate and manage the white tablecloth restaurant Chez Nous during the winter semester as well as the Culinary Cafe during both the fall and winter semesters. In addition, students deliver several outstanding banquet and catering functions throughout the year.

## Student Organizations

- American Culinary Federation Upper Michigan Chapter
- Aviation Maintenance Club
- Aviation Purchasing Co-op
- Culinary Students of NMU
- Hair Razors
- NMU Constructors
- Professional Aviation Maintenance Association

## Department/Program Policies

Programs have substantial "hands-on" components; safety is a major responsibility. Students are expected to wear proper foot gear, safety glasses and dress for the lab environment. Tools are required for several programs. Students in AMT, CN, COS, CRT, HM, HV, PT, IM or WD courses are required to provide many of their own hand tools.

### Aviation

All students are required to join the Aviation Purchasing Co-op. This co-op purchases the material and supplies students use in the lab section of the program over the standard two-year period. The purchase price is \$50 each semester (\$200 total). Students are required to have a basic tool set. Admission to AMT courses is limited to students majoring in aviation maintenance technology.

### Cosmetology

The curriculum followed is set by the State of Michigan. Students must complete 1,500 clock hours for this program; attendance is mandatory. Successful completion of this program and the 1,500 requisite clock hours qualifies graduates to take the state board test for licensure in Michigan.

Students in baccalaureate degree programs may apply up to six credits of cosmetology (COS), practical nursing (PN) and surgical technology (ST) courses combined toward graduation unless otherwise prohibited. Students in associate degree programs may apply three credits of these courses combined toward graduation, and those in certificate programs other than cosmetology, practical nursing and surgical technology may apply two credits of these courses combined toward graduation unless otherwise prohibited.

### Cosmetology Instructor

Entrance into this program requires a current Michigan license in cosmetology and two years of experience. The State of Michigan requires 500 hours of additional education for this certification.

## BACHELOR DEGREE PROGRAM

*Liberal Studies: Complete information on the liberal studies requirements and additional graduation requirements, including the health promotion requirement, is in the "Liberal Studies Program and Graduation Requirements" section of this bulletin (38-44).*

*Courses within each major that can be used to satisfy liberal studies requirements are listed with the Roman numeral (in brackets) that coincides with the liberal studies division the course falls under.*

### Construction Management Major

This major prepares students to be competent in coordinating all phases of building construction including estimating, scheduling, writing contracts, purchasing materials and working with sub-contractors and material suppliers to ensure the job gets done on time and within budget. Graduates may begin as project managers, field engineers, estimators, assistant project managers or superintendents. Students are strongly urged to meet with their adviser to select a minor that will support their career goals.

<b>Total Credits Required for Degree</b>	<b>129</b>
<b>Liberal Studies</b>	<b>30-40</b>
<b>Health Promotion</b>	<b>2</b>
<b>Technical Concentration</b>	<b>43</b>
CN 107 Construction Documents	3

SP 100 Public Address	4

**Minor, Contracted Minor or General Electives 20**

### Hospitality Management Major

This program provides graduates with the background to assume supervisory or leadership positions in the hospitality industry. The curriculum includes courses that cover both classroom-based learning and hands-on learning experiences.

<b>Total Credits Required for Degree</b>	<b>124</b>
<b>Liberal Studies</b>	<b>30-40</b>
<b>Health Promotion</b>	<b>2</b>
<b>Required Courses in Major</b>	<b>51</b>
HM 111 Food Service Sanitation	2
HM 112 Introduction to the Hospitality Industry	4
HM 115 Professional Cooking I	4
HM 120 Professional Cooking II	4
HM 210 Supervision in the Hospitality Industry	4
HM 214 Cost Control for the Hospitality Industry	4
HM 221 Hospitality Service Management	4
HM 225 Banquets and Catering	4
HM 226 Purchasing for the Hospitality Industry	2
HM 240 Hotel and Lodging Operations	3
HM 310 Menu Analysis and Design	4
HM 330 Beverage and Bar Management	4
HM 450 Hospitality Operations Plan and Design	4
HM 480 Current Issues in the Hospitality Industry	4
<b>Technical Electives</b>	<b>6</b>
<i>Choose from the following:</i>	
HM 100 Food Preparation and Selection (4 cr.)	
HM 315 Multi-Cultural Foods (4 cr.)	
HM 318 Resort Development (4 cr.)	
HM 401 Internship (1-4 cr.)	
HM 495 Special Topics in Hospitality (4 cr.)	
<b>Other Required Courses</b>	<b>18</b>
ACT 201 Practical Accounting Procedures (or higher)	4
HN 210 Nutrition for Humans	4
MA 100 Intermediate Algebra (or higher)	4
MGT 221 Business Law I: Legal Environment of Business	3
MKT 230 Introduction to Marketing	3

## ASSOCIATE DEGREE PROGRAMS

### Automotive Service Technology

#### *Associate of Technology*

Students in this program gain an overall technical foundation of theory and practical applications in engine repair, automatic transmissions, chassis systems, power trains, vehicle electrical systems, fuel and ignition systems and computer control systems. State certification tests are offered at the end of each semester.

**Total Credits Required for Degree** **62**

<b>Liberal Studies</b>	<b>8</b>
EN 111 College Composition I	4
CIS 110 Principles of Computer Information Systems	4

<b>Health Promotion</b>	<b>1</b>
HP 200 Physical Well Being	1

<b>Technical Concentration</b>	<b>40</b>
PT 162 Steering, Suspension and Alignment	4
PT 163 Vehicle Brake Systems	4
PT 164 Major Engine Repair	4
PT 166 Automotive Power Trains	4
PT 170 Basic Automotive Electricity	4
PT 260 Automatic Transmission Repair	4
PT 262 Automotive Fuel and Emission Control Systems	4
PT 264 Engine Performance and Diagnostics	4
PT 268A Automotive Service Repair or PT 268B Automotive Service Repair Internship	4
PT 272 Advanced Automotive Electrical and Electronics	4

<b>Other Required Course</b>	<b>4</b>
MA 100 Intermediate Algebra (or higher)	4

<b>General Electives</b>	<b>9</b>
--------------------------	----------

### Aviation Maintenance Technology

#### *Associate of Applied Science*

This program prepares students to be aviation maintenance technologists. All training takes place in state-of-the-art facilities and is designed to meet airline industry standards. Students work in the following five lab areas: power plant, airframe, non-destructive testing, composite and sheet metal. Students do engine runups, repair, and restoration of the operational status of the aircraft. Students typically take between 16 and 20 credits for five semesters, receiving their degree after 2 1/2 years of study. Ninety-five percent of graduates from this program are employed in the aviation industry.

**Total Credits Required for Degree** **89**

<b>Liberal Studies</b>	<b>12</b>

MA 106 Trigonometry	3
SP 100 Public Address	4

<b>General Electives</b>	<b>8</b>
--------------------------	----------

**Climate Control Technology**  
*Associate of Applied Science*

Professionals in the heating, ventilation, air condition and refrigeration (HVACR) industry are specialists who create comfortable, healthy and energy-efficient indoor environments for the storage of food and medicine, and for transportation, warehouses, factories and many other essential services. The climate control degree program offers instruction in both technical theory and practical knowledge.

**Total Credits Required for Degree 63**

<b>Liberal Studies</b>	<b>12</b>

HM 214 Cost Control for the Hospitality Industry	4
HM 221 Hospitality Service Management	4
HM 225 Banquets and Catering	4
HM 226 Purchasing for the Hospitality Industry	2

<b>Other Required Courses</b>	<b>12</b>
ACT 201 Practical Accounting Procedures (or higher)	4
HN 210 Nutrition for Humans	4
MA 100 Intermediate Algebra (or higher)	4

**General Electives 9**

**Industrial Maintenance Technology**  
*Associate of Applied Science*

Industrial maintenance technicians install, maintain and repair all types of machinery used in an endless array of modern power transmission applications. Mines, paper mills, hospitals and manufacturing companies of all sorts require the services of skilled industrial maintenance technicians to keep their operations running smoothly. Industrial maintenance technicians are often employed in machine repair departments or may be referred to as millwrights.

**Total Credits Required for Degree 63**

<b>Liberal Studies</b>	<b>8</b>
EN 111 College Composition I	4
EN 211D Technical and Report Writing	4

<b>Health Promotion</b>	<b>1</b>

IM 220 Pumps, Piping and Valves	4
IT 180 Introduction to Fluid Power	3
IT 215 General Industrial Safety	2
IT 265 Total Productive Maintenance	1
WD 140 Introduction to Welding	4
WD 147 Construction Rig and Equipment Installation	2
WD 243 Advanced Arc Welding	3
WD 244 Welding Inspection and Assessment	1

<b>Other Requirements</b>	<b>8</b>
MA 100 Intermediate Algebra (or higher)	4
CIS/IS Electives	4

**Technical Electives**

Choose from the following:

- CN 154 Construction Survey and Layout (3 cr.)
- CN 156 Construction Systems and Methods (3 cr.)
- HV 175 Air Delivery Systems (4 cr.)
- MET 213 Materials Science I (3 cr.)
- MF 134 Manufacturing Processes (4 cr.)
- PT 160 Basic Automotive Repair (4 cr.)

**General Electives** **10**

**Mining Option**

Students considering future employment with Michigan Mining Company-Cliffs Incorporated should make the following course selections in their program: MA 104 College Algebra with Applications in the Sciences and Technologies, in place of MA 100 Intermediate Algebra, PH 201 College Physics I as a general elective and MET 213 Material Science I as a technical elective.

## CERTIFICATE PROGRAMS

### Automotive Service Certificate

This program develops quality repair and service technicians for the transportation industries. The automotive service certificate prepares students for positions in automotive servicing, parts sales, and service.

**Total Credits Required for Certificate** **41**

<b>Health Promotion</b>	<b>1</b>
HP 200 Physical Well Being	1
<b>Technical Concentration</b>	<b>40</b>
PT 162 Steering, Suspension and Alignment	4
PT 163 Vehicle Brake Systems	4
PT 164 Major Engine Repair	4
PT 166 Automotive Power Trains	4
PT 170 Basic Automotive Electricity	4
PT 260 Automatic Transmission Repair	4
PT 262 Automotive Fuel and Emission Control Systems	4
PT 264 Engine Performance and Diagnostics	4
PT 268A Automotive Service Repair or	4
PT 268B Automotive Service Repair Internship (4 cr.)	
PT 272 Advanced Automotive Electrical and Electronics	4

### 6 Aviation Maintenance Technology Certificate

Students work in five lab areas: power plant, airframe, nondestructive testing, composite and sheet metal. Certificate students attend class for four semesters (two academic years) and receive all of the necessary preparation to take the FAA exam to become an A & P aviation mechanic.

**Total Credits Required for Certificate** **73**

<b>Health Promotion</b>	<b>1</b>
HP 200 Physical Well Being	1
<b>Technical Concentration</b>	<b>72</b>
AMT 101 Introduction to Aviation Maintenance	6
AMT 102 Aircraft Basic Science	6

<b>General Electives</b>	<b>2</b>

## Cosmetology Certificate

This program combines the theory and practical application needed to prepare graduates for entry-level positions in the cosmetology profession. Scientific principles are applied through grooming of patrons. Cosmetologists perform such services as shaping and tinting eyebrows and lashes, applying makeup, permanent waving, coloring and straightening hair, manicuring and giving scalp and facial treatments. Graduates may find employment in independent shops and salons, in hair styling departments of large firms and hotels, or with manufacturers of cosmetic or hair products. Some graduates open their own shops.

<b>Total Credits Required for Certificate</b>	<b>65</b>
<b>Health Promotion</b>	<b>1</b>
HP 200 Physical Well Being	1
<b>Technical Concentration</b>	<b>64</b>
COS 111 Fundamentals of Cosmetology I	4
COS 112 Fundamentals of Cosmetology II	4
COS 113 Fundamental Application of Physical Services	8

## MINOR PROGRAMS

### Auto Service Technology Minor

<b>Total Credits Required for Minor</b>	<b>24</b>
PT 162 Steering Suspension and Alignment	4
PT 164 Major Engine Repair	4
PT 166 Auto Power Train	4
PT 170 Basic Automotive Electricity	4
PT 262 Auto Fuel and Emission Control Systems	4
PT 264 Engine Performance and Diagnostics	4

### Construction Systems Minor

<b>Total Credits Required for Minor</b>	<b>20</b>
CN 107 Construction Documents	3
CN 154 Construction Surveying and Layout	3
CN 156 Construction Systems and Methods	3
CN 158 Concrete	3
CN 251 Construction Field Operations	2
CN 252 Codes and Inspections	3
CN 253 Construction Estimating	3

### Hospitality Service Management Minor

<b>Total Credits Required for Minor</b>	<b>20</b>
HM 112 Introduction to the Hospitality Industry	4
HM 111 Food Service Sanitation	2
HM 226 Purchasing for the Hospitality Industry	2
HM 214 Cost Control for the Hospitality Industry	4
HM 240 Hotel and Lodging Operations	3
<b>Hospitality Management Electives 300 or above</b>	<b>5</b>

### HVACR Minor

<b>Total Credits Required for Minor</b>	<b>20</b>
HV 170 Applied Electricity for Trades	4
HV 171 Basic Heating	4
HV 172 Basic Refrigeration	4
HV 175 Air Delivery Systems	4
HV 273 Comfort Systems Design	4

### Industrial Maintenance Minor

<b>Total Credits Required for Minor</b>	<b>20</b>
IM 110 Industrial Measurement and Fabrication	2
IM 214 Alignment, Power Transmission and Conveyors	4
IM 220 Pumps, Piping and Valves	4
WD 140 Introduction to Welding	4
WD 147 Construction Rigging and Equipment Installation	2
WD 243 Advanced Arc Welding	3
WD 244 Welding Inspection and Assessment	1

## DIPLOMA PROGRAMS

### Advanced Law Enforcement Diploma

This program is intended for certified law enforcement officers. The curriculum includes course work and hands-on experiences to enhance the officers' training. In-service training is offered through the Public Safety Institute, Northern Michigan University.

**Total Credits Required for Diploma** 16

**Technical Concentration** 16

*The advanced law enforcement diploma may be earned through the satisfactory completion of any 16 credit hours of unduplicated PSLE prefix courses. However, PSLE 010 Legal Update Training may be counted for a maximum of two of the 16 required credits hours.*

### Collision Repair Technology Diploma

This program prepares graduates for employment in the field of collision repair. The curriculum includes coursework and hands-on experiences in the areas of component repair and replacement, along with work in areas of paint-prep and refinishing. Students are exposed to contemporary skills and current industry practices.

**Total Credits Required for Diploma** 36

**Technical Concentration** 24

CRT 011 Fundamentals of Collision Repair	4
CRT 012 Component Analysis and Replacement	4
CRT 021 Intermediate Collision Repair	4
CRT 022 Automotive Paint-prep and Application	4
CRT 031 Advanced Collision Repair	4
CRT 032 Advanced Refinishing	4

**Technical Electives** 12

*Choose any courses from AMT, IM, PT and WD* 12

### Electrical Line Technician Diploma

This program prepares graduates for employment as line technicians employed by public utilities, electrical transmission contractors and related employers.

**Total Credit Required for Diploma** 31

**Technical Concentration** 31

EL 010 Line Electrician Field Practicum I	6
EL 011 Fundamentals of Electricity	2
EL 012 Introduction to Line Electrician Safety	2
EL 013 Electrical Formulas	4
EL 014 Computer Skills for Electrical Trades	2
EL 020 Line Electrician Field Practicum II	6
EL 021 Applied Electricity for Linepersons	3
EL 022 Advanced Line Electrician Safety	2
EL 023 Line Electrician Career Seminar	2
EL 024 Construction Standards for Line Electricians	2

### Local Corrections Diploma

This program is intended for persons employed as local corrections officers. The curriculum includes course work and hands-on experiences to update the officers in the required areas of the corrections field. In-service training is offered through the Public Safety Institute, Northern Michigan University.

**Total Credits Required for Diploma** 16

**Technical Concentration** 16

*The local corrections diploma may be earned through the satisfactory completion of any 16 credit hours of unduplicated PSCR prefix courses. However, PSCR 011 Legal Update Training may be counted for a maximum of two of the 16 required credits hours.*

## CERTIFICATION PROGRAMS

### Cosmetology Instructor Certification

This program trains the professional in Michigan law, teaching techniques, record keeping, and administration of a school of cosmetology.

**Total Credits Required for Certification** 18

**Technical Concentration** 18

HR 060 Theory of Cosmetology Fundamentals	4
HR 061 Theory of Cosmetology Supervision	4
HR 062 Theory of Cosmetology Administration	2
HR 063 Practice of Cosmetology Fundamentals	4
HR 064 Practice of Cosmetology Supervision	4
