Christine Lenzen (ART)
Lanae Joubert (HHP)
David Gomillion (BUS)
Jennifer Myers Jezylo (BIO)
Tom Isaacson (CAPS)
Jeff Vickers (MUSIC)

ETRPC notes 4/1/2016

1. Approval of minutes both Feb 19 and March 18. David Gomillion and David Donovan motioned, all approved (with the fix of Gold Course to say Golf Course on Feb 19 minutes).

2. Tom Isaacson to hand out TIA for students award 9am April 7

3. IT/IS/HelpDesk – Software survey is out, please remind staff to complete it. Deadline is April 8.

Chris Lewis – if issues within building wireless internet issues please report problems to telecom 227-1995 or http://www.nmu.edu/informationtechnology/telecom

Chris Wagner - Phishing e-mails have been alive – make sure to back up on external drive. I don't recommend using OwnCloud as a backup.

> Less risk with internet webmail client. How many resources are we using in keeping the e-mail client we currently use alive (desktop client)? Discussion ensued about using a web-based internet client and the pros and cons.
> Discussion about which laptop choices the faculty will get. More info is hopefully coming.

4. Discussion for ETRPC committee officers for 2016-2017. Make sure your voice is heard if you desire to hold a position (chair and secretary).

5. Invite Dave Maki to next meeting or communicate with faculty which options faculty have BEFORE order is placed. Also the timing of when computers will be issued so they can make summer plans.

Adjourned 11:53pm
