EARLY COLLEGE CREDIT

NMU welcomes students participating in early college credit programs to apply for admission and enroll at NMU. Students who complete college level work prior to receiving their high school diploma are considered to be entering first-year students with credit. New first-year admission and scholarship policies apply.

NORTHERN MICHIGAN
UNIVERSITY

FROST

In NMU's Forensic Research Outdoor Station and lab, help solve crimes and answer other scientific questions at the world's first cold weather lab for the study of human remains.

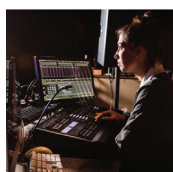

PLANT REVOLUTION

Innovate new markets in our Medicinal Plant Chemistry degree and Cannabis Operations certificate, or one-of-a-kind programs in Indoor Agriculture or Controlled Environment Agriculture.

CYBER & ROBOTICS

NMU's Cyber Security Institute is a National Center of Academic Excellence in Cyber Defense Education.

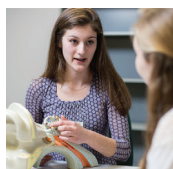

THEATRE & ENTERTAINMENT ARTS

Students perform center stage and build their skills to make their mark in the music, movie and multi-media industries.

CANCER RESEARCH

In NMU's Upper Michigan Brain Tumor Center, work to better understand and cure an aggressive form of brain cancer.

LEARN & SERVE CLINICS

Learn through hands-on patient experiences in the Behavior Education, Assessment and Research Center or Speech, Language, and Hearing Clinic.

Belonging is a core part of the experience at NMU, from the welcome package and orientation, to built-in mentoring, and beyond. Belonging goes hand-in-hand with wellbeing. Your students belong here, just as they are: unapologetically themselves. And it is here that they can fully realize their WellBeing.
