## Internship Opportunity

**Appleton, WI Northwestern Mutual office** is seeking students for Northwestern Mutual's Financial Representative Internship program. This is a professional development and career-building opportunity for finance majors or any student interested in dipping their toes into the field. This internship offers compensation, a flexible work schedule, and provides students with networking and business relationship skills. For more information or to apply, visit the "**Careers**" tab on the **Northwestern Mutual Appleton website**. This link also provides an informative video about a day in the life of an intern at Northwestern Mutual.

## Job Opportunity

Interested in working a government job in Sacramento, CA? The California Department of Corrections and Rehabilitation is currently recruiting for a Data Analyst II position within the Office of Audits and Court Compliance. College of Business students with experience in data-driven decision making and students with education in the principles of risk management are encouraged to apply. **Click here to view the job posting**. Email Chief Risk Officer, Jana Sanford-Miller at [jana.sanford-miller@cdcr.ca.gov](mailto:jana.sanford-miller@cdcr.ca.gov) to ask questions or for additional information. The application is due Friday, September 11.

## Student Finance Committee

The **Student Finance Committee (SFC)** is currently seeking additional board members to be a part of the decision making process for the allocation of the student activity fee. SFC encourages students that are interested in campus activities, reviewing budgets, or looking for additional leadership opportunities to apply. Meetings are Mondays at 5 pm, and typically last 40 minutes. The meetings are open to the public. Contact Sam at [sfc@nmu.edu](mailto:sfc@nmu.edu) for more information or **apply on the online application**.
