

Pursuant to PA 15 of 2025, fiscal year 2026 higher education appropriations bill, Northern Michigan University (NMU) respectfully submits the following report for Section 275k, Charter School Authorizer:

## **EXECUTIVE SUMMARY**

In 1995, following changes to Michigan law permitting charter schools, Northern Michigan University authorized its first public school academy and expanded to five schools by 1999. From 2011 to 2014, NMU added five new academies, bringing the total to 10 schools. In 2016, one contract was not renewed, resulting in a portfolio of nine public school academies at its current size.

NMU has long served as a state and national leader in charter school authorizing, holding membership with the National Association of Charter School Authorizers and the Michigan Council of Charter School Authorizers. Responses to items “k” and “l” below describe how NMU fulfills its Core Authorizing Responsibilities and Activities.

As of the fall 2025 Preliminary Headcount, schools authorized by NMU enrolled 4,052 students throughout a diverse portfolio of schools, ranging in size, educational model, and geographic locations throughout the state.

During the 2024-2025 fiscal year, NMU collected total oversight fees of \$1,498,391.70 from the schools it authorizes to support its oversight operations. Response to letter “m” below provides an Authorizer Financial Report that outlines how these resources are used to ensure rigorous oversight, accountability, and support.

Under the Revised School Code, the Northern Michigan University Board of Trustees (“NMU Board”) is responsible for overseeing compliance with all applicable law, as well as the contract it issued to each public school academy.<sup>1</sup> Public school academies are required to comply with the Open Meetings Act, the Freedom of Information Act, and certain laws prohibiting conflicts of interest.<sup>2</sup> These obligations are also specifically mandated by the standard contract that the NMU Board uses for its public school academies that it authorizes (the “Contract”).<sup>3</sup>

In addition to the state laws that govern conflicts of interest, the Contract specifically requires academies must comply with the Incompatible Public Offices statute, being MCL 15.181 et seq. of the Michigan Compiled Laws, and the Contracts of Public Servants with Public Entities statute, being MCL 15.321 et seq. of the Michigan Compiled Laws. The Contract also states, “Academy

The Contract also provides a list of prohibited conflicts of interest for purposes of the contract as well that specifically relate to possible conflicts for public school academies that State law does not specifically recognize. The Contract also prohibits academy board members from being employed at the academy in more than one full-time position and simultaneously being compensated for each position.

In order to oversee compliance with these areas, the NMU CSO takes the following actions for each public school academy authorized:

- Reviews all agendas, board postings, and minutes of all academy board of directors' meetings;
- Reviews all facilities documents, as well as the NMU CSO mandatory facilities questionnaire and checklist before an academy may execute any agreements, including lease agreements and borrowing agreements pursuant to the NMU CSO lease policies and long-term borrowing requirements set forth in the Contract;
- Reviews educational management organization agreements, as well as the questionnaire mandated by the NMU CSO educational management organization policy, prior to signing any agreements;

The Oversight Agreement also requires the

academies to provide the Charter Schools Office a copy of any notice from the State Treasurer that notifies the academy of the potential for fiscal stress.

This Oversight Agreement also requires that certain information be made publicly available by the academy and that certain information also be made available by the academy’s educational service provider, if applicable.

In reviewing whether an academy should be reauthorized, the NMU CSO considers whether there have been increases in academic achievement for all groups of pupils as measured by assessments and other objective criteria established by the NMU Board.
