

NSSE 2021 Administration Summary

Northern Michigan University

This report provides an overview of your NSSE administration, including details about your population and sample, response rates, representativeness of your respondents, and survey customization choices. This information can be useful for assessing data quality and planning future NSSE administrations.

Population and Respondents

The table below reports your institution's population sizes, how many students were sampled (whether census-administered or randomly selected), and how many completed the survey.

Survey sampling and completions	First-year	Senior
Submitted population	945	1,650
Adjusted population	812	1,246
Adjusted for ineligible students and undeliverables.		
Survey sample	810	1,243
Number of census or randomly sampled students invited to complete the survey. Targeted, experimental, and locally administered samples not included.		
Total respondents	371	501
Full completions	253	372
Submitted demographic items and (if applicable) Topical Module sets.		
Partial completions	118	129
Sampling error	+/- 3.8%	+/- 3.4%

Or "margin of error," an estimate of the amount a score based on a sample could differ from the true score on a given item. For example, if the sampling error is +/- 5.0% and 40% of your students replied "very often" to a particular item, then the true population value is most likely between 35% and 45%.

Population file options

Oversample	No
Updated eligibility of students in population file	Yes
Customized the report sample	No

Response Rates

The table below summarizes response rates for your institution and comparison groups. For more information see [NSSE's Response Rate FAQ \(https://nsse.indiana.edu/nsse/psychometric-portfolio/responserate-faq.html\)](https://nsse.indiana.edu/nsse/psychometric-portfolio/responserate-faq.html). Comparison group response rates were computed at the institution level (i.e., they do not reflect student-level aggregate results).

	Northern Michigan University	Great Lakes Peers	Crngie Size/Setting	National Peers
First-year	46%	26%	33%	28%
Senior	40%	23%	31%	25%

Representativeness

The table below details variables submitted in your population file. Respondent and population percentages are listed side by side as a convenience to see how well the characteristics of your respondents reflect your first-year and senior populations. For detailed characteristics of the respondents in your reports, refer to your *Respondent Profile*.

	First-year respondents (%)	First-year population (%)	Senior respondents (%)	Senior population (%)
Sex				
Female	70	61	70	59
Male	30	39	30	41
Another sex	0	0	0	0
Full-time	92	92	87	85
Race/ethnicity				
American Indian or Alaska Native	0	1	1	1
Asian	0	1	1	1
Black or African American	1	1	1	1
Hispanic or Latino	0	0	0	0
Native Hawaiian or Other Pacific Islander	0	0	0	0
White	93	91	90	90
Other	0	0	0	0
Foreign or Nonresident alien	0	0	0	0
Two or more races/ethnicities	5	4	4	4
Unknown	0	1	2	2

Notes: NSSE reporting uses weights based on institution-reported sex and enrollment status so institutional estimates reflect the population with respect to these characteristics. Sex categories may not sum to 100% due to students with unknown gender identity. Race/ethnicity groups are based on the IPEDS categories submitted in the population file. Results for institutions without full (at least 90%) race/ethnicity information in the population file are not reported.

Survey Customization

The information below documents customization options for your NSSE survey and the status of complementary data collection from companion surveys.

Administration features

Survey sample type	Census
Recruitment method	Email
Portal/LMS used	No
Incentive offered	Yes
Survey version	US Standard

Additional question sets and companion surveys

Topical module(s)	First-Year Experiences and Senior Transitions, Inclusiveness and Engagement with Cultural Diversity
Customized consortium questions	None
BCSSE 2020	Yes
FSSE 2021	No

Institution ID: 171456
