Study Abroad Basics

- ❖ Studying abroad is the act of a student pursuing educational opportunities in a country other than one's own.
- ❖ It is one of the most challenging, interesting, and fun experiences you can have as a college student. Talk to anyone who has studied abroad and they will share stories they have about intercultural understanding, interesting differences, unique challenges, and experiences unlike anything they could have imagined in the US.
- ❖ **Through taking academic credit abroad**, a student can see the world, take in new cultures, hone language skills, expand career opportunities, develop personally, find new interests and make lifelong connections! Due to the highly immersive nature of a study abroad, it is a completely different experience than being a tourist!

Getting Started

- ❖ To study abroad, complete the attached student application packet. The entire packet must be completely filled out, including signatures. If approved, follow-up materials, including fee payment slips and scholarship opportunities, will be available to you.
- ❖ Attend a study abroad interest meeting and/or meet with a study abroad advisor in the IES office.

Getting Ready for Departure

Costs:

- ❖ Arrange financial aid. Major costs are typically: program fee, airfare, tuition, and spending money. The cost-of-attendance for faculty-led courses is on-file with the Financial Aid and IES offices. Those studying abroad through one of our partner institutions must work with us on creating a budget worksheet to bring to the Financial Aid office.
- ❖ Make regular program payments according to the schedule your program requires.
- ❖ Pay tuition according to NMU's payment schedule. Deposits and program fees must be made on time and to the **Student Services Center** located in the Hedgcock Building.

Academics:

- ❖ For faculty-led programs, your instructor will arrange registration in the appropriate section(s). You are required to remain registered throughout the duration of the course, including the travel portion, and will be held responsible for tuition and fees associated with the course(s).
- ❖ For other types of study abroad programs, you must complete a course pre-evaluation form. This involves working with your academic advisor on degree planning/requirements, and working with department chairs on obtaining signed approval for each course you plan to take abroad.

Pre-Departure Logistics:

- ❖ Get a passport. Applications available at: www.travel.state.gov (this process can take 30-90 days).
- ❖ If required for entry to the host country, apply for a visa. You can learn more about which countries require visas and the visa process by visiting (http://travel.state.gov/travel/cis_pa_tw/cis/cis_1765.html).
- ❖ Make airline reservations – only after your program is fully enrolled and you are notified by your leader or study abroad provider on how/when to do so.
- ❖ Arrange Travel Health appointment at NMU Vielmetti Health Center. Instructions at: <http://webb.nmu.edu/HealthCenter/SiteSections/Travel/TravelInformation.shtml>. This appointment is **required** for all participants and must be completed within six months prior to travel.
- ❖ Return this packet and **all** required forms to the IES office (2001 Hedgcock or goabroad@nmu.edu).
- ❖ Attend **mandatory** pre-departure orientation session, coordinated by IES

Setting goals for your study abroad experience

The International Education Services team requires you to list goals and summarize your overall reasons for wanting to learn abroad. This is an essential step in staying **focused** and making the most of your time overseas. What are you hoping to gain from the experience? Do you have academic, personal, social, cultural or professional goals in mind? Please share:

Please fill out all required information, including signatures. Incomplete applications cannot be accepted for review.
