To Be Completed by Academic Advisor or Department Chair

The student listed below is requesting Optional Practical Training (OPT) in their field of study. In order to issue OPT, the International Programs Office is required to obtain the following information.

Master's and Ph.D. students may define program completion as the day when all coursework is completed. Students may apply for post-completion OPT if all they have is the thesis remaining. However, students must complete their degree requirements before the 12-month OPT ends.

Please complete and sign below. Please do not sign this form if the student is not in good academic standing. If you have any questions or concern, please contact our office at 906.227.2150 or ipo@nmu.edu.

The student is expected to complete their degree requirements on: _____

As the student's Academic Advisor, I certify that the student's program information as listed above is accurate. The student is in good academic standing and I recommend that this student be authorized to participate in the practice training program.
