

# General University Studies

The Associate's of General University Studies provides a point of access into the university for individuals seeking a post-secondary education at the two-year level. Also provides maximum flexibility for students who are either undecided about their career plans or who wish to create a program that suits their unique interests. Suitable for individuals wishing to build their academic skills in preparation for admittance into a restricted program.

## Skills and Competencies

As in most other fields, strong interpersonal communication and organizational skills are a must for any professional. Other valuable skills and competencies specific to the your concentration will depend on the area of expertise. Though you will be directed advised by the Academic and Career Advisement Center in Jacobetti, you should also check with the department that sponsored your concentration for further information.

## Career Development

You should begin the resume-building process as soon as you can. The Academic and Career Advisement Center can assist you with career planning, while Career Services will help you fine tune your resume and look for jobs related to your field. In the meantime, the more hands-on experience you have, the better the chances are that you will find a job. Becoming involved in a professional related internship is a way to develop your professional skills and gain experience. Your academic course work is important as well, so be sure to maintain a high grade point average.

## Additional Considerations

General University Studies is a Associate of Applied Sciences requiring 62 credits to complete. This should take approximately four semesters to complete.

## Job Outlook

Since the job potential will only be limited by the concentration within the degree, please refer to the link to the Occupational Outlook Handbook on the back of this brochure. Earnings and benefits will solely depend on the career you are pursuing.

## Potential Careers

Specific jobs will be determined by the course of study. If you have a concentration in mind, it might not be a bad idea to stop and talk to the sponsoring department to see what sort of opportunities are available. Each concentration could lead to many choices of careers.
