

APPLIED SCIENCE IN MANAGEMENT

ONLINE BACHELOR OF APPLIED SCIENCE DEGREE

Transfer Guide for Bay College

The Bachelor of Applied Science (BAS) in Management prepares students for managerial careers in technical fields and offers a seamless transition from an applied associate degree in a technical field to a bachelor's degree. The program is designed to help non-traditional students and returning adult learners with completed associate degrees in most technical fields to develop the skills that employers value in project leaders, team leaders, and managers.

ADMISSIONS REQUIREMENTS

Students can earn any non-business A.A.S degree in a technical field from Bay College before enrolling in Applied Science in Management courses at NMU and may transfer up to ninety (90) credit hours of transfer credit.
