

# APPLIED SCIENCE IN MANAGEMENT

## ONLINE BACHELOR OF APPLIED SCIENCE DEGREE

### Transfer Guide for North Central Michigan College

The Bachelor of Applied Science (BAS) in Management prepares students for managerial careers in technical fields and offers a seamless transition from an applied associate degree in a technical field to a bachelor's degree. The program is designed to help non-traditional students and returning adult learners with completed associate degrees in most technical fields to develop the skills that employers value in project leaders, team leaders, and managers.

#### ADMISSIONS REQUIREMENTS

Students can earn any non-business A.A.S degree in a technical field from North Central Michigan College before enrolling in Applied Science in Management courses at NMU and may transfer up to ninety (90) credit hours of transfer credit.

#### APPLIED SCIENCE IN MANAGEMENT DEGREE REQUIREMENTS

TOTAL CREDITS REQUIRED FOR DEGREE		120*
