

MISSION and VISION REWRITES

MISSION STATEMENT DRAFTS

M1 – Northern Michigan University strives to engage students in rigorous, evidence-based, innovative scientific and creative inquiry and application. Through individualized curriculum and immersion in diverse communities, graduates will be empowered to uniquely contribute to our global environment and multi-faceted society.

M2 - Northern Michigan University fosters a rigorous, individualized academic lifestyle for students featuring innovative opportunities in an enriching, naturalistic community. Engagement in these experiences forge independent leaders prepared to take on the challenges of the diverse, sustainable world.

VISION STATEMENT DRAFTS

V1- Northern Michigan University’s vision: to educate in mind, body and environment; to inspire innovation and inclusion through community engagement; to create leaders capable of local and global impact.

V5 - Northern Michigan University will become the choice university for students seeking to serve, lead, maintain an active mind-body, and receive a quality, individualized education in a pristine natural environment.
