(Note: degree awarded will be a major in Individualized Studies)

Adviser: _____

Adviser Email Address: _____

The following guidelines apply to the degree:

1. Students must obtain a "C" (2.00) or better in all courses in the concentration.
2. Students must complete 40 credits of program study, 24 of which must be completed after the program is approved.
3. The program must include 20 credits at the upper-division (300-400) level, including at least 4 credits of 400-level directed study to serve as a capstone.
4. General Education: Students must complete a minimum of 40 credits for all degrees. (Students may "double count" courses between the ICP and the General Education Program.)
5. The program may not include courses that would comprise more than 80% of any approved departmental major.
6. Students interested in an individually created program within the College of Business will coordinate with a College of Business adviser. If it is determined that more than 25% of the individually created program is appropriate in business, the adviser will make certain that the courses chosen meet the common body of knowledge requirements of The American Assembly of Collegiate Schools of Business.
7. Students with a concentration outside of the College of Business may not take more than 25 percent of their program from courses taught by the College of Business.
8. Admission into an ICP begins immediately upon approval by CUP.

Additional Requirement: Students must include a letter of support from any department in which 8 credits are required for the proposed ICP. Letters of support must come from Academic Department Heads, and be included with the ICP application.
