

# Add+Vantage Math Recovery®

Add+Vantage Math Recovery® (AVMR) courses are designed to support elementary teachers, special education teachers, and math interventionists in diagnosing and advancing student understanding and numeracy development. The assessment, data collection, and teaching tools are designed to accelerate the ability of educators to recognize students' current levels of numeracy understanding to make data-driven instructional decisions.

## What is the focus of AVMR Course 1?

Foundational learning of whole number topics such as number words and numerals, structuring numbers, addition and subtraction, and topics that affect the development of future mathematical understanding. The topics and domains covered often appear later on as holes in understanding for older struggling students.

## Who is AVMR Course 1 designed for?

K-5 Teachers, K-8 Special Education Teachers, Math Interventionists

## When is AVMR Course 1 offered?

In person at the NMU Seaborg Center - August 9, 10, 16, 17 (8:30 - 3:30 EST). Lunch, a daily stipend, and SCECHs (upon approval) will be available.

Register on Wisdomwhere. For questions, email Renee Jewett at [rkivioja@nmu.edu](mailto:rkivioja@nmu.edu).

*These materials were developed under a MiSTEM grant awarded by the Michigan Department of Education.*
