## Adding Questions to a Quiz

This tutorial assumes that you already have questions in the question bank for your course. If you do not yet have questions in your question bank, view the **Creating Questions** tutorial.

Adding Quiz Questions —How to

Begin by logging in to EduCat and turning editing on in your course:

1. Scroll down to the section containing the Quiz to which you would like to add the questions, and click to open the quiz screen.

2. On the top right of your EduCat page, you will find a Gear icon. Click on it and a drop-down menu will appear. Select **Edit quiz**.

3. If you would like to add specific questions to the quiz, click the **Add** drop-down menu, and select **from question bank.**

4. If you would like the questions to appear in a random order for everyone, place a check mark in the **shuffle** box.

5. On the **add from the question bank** screen:

    1. Select a category from which you would like to choose questions to add to your quiz.

    2. Place a check mark to the left of the question(s) you would like to add to the quiz.

    3. Click the **Add selected questions to the quiz** button.
