Student Leader Fellowship Program

BECOME A MENTOR

Serving as a mentor for a student in the [Student Leader Fellowship Program](#) (SLFP) is your opportunity to:

- SHARE your experiences and leadership advice.
- INSPIRE future leaders.
- GROW students' involvement in the community.
- BE re-energized, and gain new leadership insights.

This mentorship is more focused on getting students engaged in the community and finding a great overall connection rather than focusing on their major/minor. Although there may be some educational benefits that emerge from a student being matched with someone in the same career field, this is viewed as a bonus.

HOW IT WORKS

- Fill out the Mentor Profile form (April - June).
- Get matched with a student fellow for one academic year (June - July).
- Attend a Mentor Orientation (July - August)
 - Go over the program, mentor component and expectations.
 - Find out who your mentee is!
 - Write a letter introducing yourself to your mentee.
- Attend a workshop (Mentorshop) with your mentee each semester (two overall).
- Set up your own schedule of meetings and activities with your mentee.
 - Meet around twice a month.
 - Activities include going out for coffee, volunteering, SLFP social events, attending a community/campus event, job shadowing, going for a hike, etc.
- Provide support, advice, community connections and opportunities for a future leader.
