- Complete the FAFSA estimator to prepare yourself and your parents for what to expect when you will be filling out the FAFSA your senior year. <https://studentaid.gov/aid-estimator/>

- The FAFSA estimator will show you your estimated family contribution for college. This will let you know how much you can expect to pay in addition to your grants and loans for college. You will need your parents to help you fill this out. If your estimated family cost is high you will want to work very hard on your grades the next few years in order to become eligible for more grants and scholarships.
