

Your January assignment is to go to the following website <http://www.howtogetin.com/> to do some research.

You will begin by finding the college preparation section:

<https://www.howtogetin.com/resources/prepare-for-college/> and explaining to me in your own words what is the action plan for your grade? What does this plan suggest that you should be doing and when?

So far, are you on track? Have you been following the action plan for your grade?

What can you do now to make up for the things you have missed?

What can you do to make sure you stay on track from now through high school graduation?

Your next job is to find the college search section. You need to look up three different colleges and answer the questions on the following sheet for each college. Depending on the computer program you use, you may type the answers on the computer (please use a color other than black if you choose to do

this), save it and email it back to me or you may print it off, hand write it and mail it. In order to receive your January stipend you must **complete the assignment and return it to me by January 31.**
